## About Us

**Best Hope Home Healthcare, LLC** is a company that is aimed to provide the best service of medical home healthcare. We are driven towards giving quality service to all our clients regardless of their age, sex, religion, nationality, race, and color.

We have the best medical home healthcare professionals on our team. They are chosen carefully and meticulously from a stream of qualified applicants aspiring to be a part of our family. They underwent a series of panel and one-on-one interviews just to make sure that they share the same goals, objectives, and dreams as us.

Our employees are also trained to give all that they can and be responsible of the patient they are in charge with. They are also comfortable and fun-loving, that's why you won't feel any pressure from them while you are recovering.

Our services are the most excellent in the industry. In general, we cater to those patients who opt to recover at home.

## Services

While we at **Best Hope Home Healthcare, LLC** understand the essence and comfort of recovering at home, we also recognize the medical needs of each patient while they are recuperating.

That's why we offer the services that will not only bring you ease, but will also aid in your recuperation faster.

We offer you the following services:

- Regular visits by LPNs and RNs
- Assistance with pain control
- Assisting the individual and family with understanding and coping with the limitations of the illness
- Assurance of client safety
- Daily living activities (personal hygiene, dressing, feeding)
- Breathing and ROM exercises
- Administration of medications including IVs
- Assessment and the supervision of the Registered Nurse
- Nutrition and meal preparation
- Transfers and ambulation
- Wound care
